

Subject: Chat with Gabriella Lahti

From: Gabriella Lahti <hacktivismstory@gmail.com>

To: barriticus@gmail.com

me: <http://message.anonops.in/>

Gabriella: Oh!

Gabriella: Shitstorm, I've spoken to him before...

Gabriella: And I've heard people mention this Ryan guy..

me: It's just Ryan that pulled the shit

me: and a couple others

Gabriella: Why?

me: they're douchebags

me: Ryan and other ops considered themselves to be the true "leaders" of Anonymous

me: by virtue of running the IRC

me: and thus hated me for being considered by press and some Anons as the moving force

Gabriella: isn't that against the whole.. 'no leader no hierarchy' theme ?

me: also they had other conflicts, stupid troll shit; a lot of the people at Anonops are emotionally disturbed and/or worthless

me: Anon has always had leaders

me: Chanology was launched and organized by a few people

me: including Gregg Housh and Commissar

me: who delegated responsibilities to those identified as having leadership capabilities in their particular city or region

me: it's just largely invisible

Gabriella: Okeyy.... that's not the impression I had. Well I understodd there are people organizing but I though the whole 'no leader, we're in this together' was sort of the main theme..

me: and of course most Anons prefer to think of themselves as equals of everyone else

me: most operations are launched and pursued by a couple of people who do most of the work, delegate responsibility, etc, though it's informal, and of course there is a degree of self-organization

Gabriella: So now when Ryan is angry(?) does that mean ihe's got Anons on his side and there's a division?

me: nope

me: he just sabotaged a bunch of shit with the help of a couple of his friends

me: I don't know much about them all, never really interacted with the admins

Gabriella: Ah ok. Well this is very interesting. Would like to have this as a small mention in my documentary... perhaps.. So this is why I haven't been able to log into IRC via anono.ps. What happens if I visit the site, what can happen?

me: no idea

me: many have moved to irc.anonworld.net #anonworld

me: but I've recruited many of the capable moralfags into my own loose network anyway

me: There are too many amoral, disturbed degenerates running around in Anonymous

Gabriella: OK...

Gabriella: Do you know who Gabriella Coleman is?

me: yep, met her a few weeks back

me: she's spent a lot of time watching us and wrote a very good piece explaining how Anonymous actually works

Gabriella: cool, I'm talking to her tomorrow!

Gabriella: Have you heard anything new from FBI?
